2. The total sum sanctioned for works of more or less public utility is Rs. 100,000 of which a sum of Rs. 96,785- has been allotted as follows:-

Bangalore	----	Rs. 7,000	----
Kolar	----	17,500	----
Tumkur	----	24,000	----
Mysore	----	14,000	----
Hassan	----	13,285	----
Shimoga	----	6,500	----
Kadur	----	1,000	----
Chitaldrug	----	13,500	----
Total Rs.		96,785	

How much of these amounts have been spent it is not possible to say, as no figures are available.

The balance of Rs. 3,215 has been recently allotted to the Kolar Dt, so that there are no more funds available with the Rev. Commr for drinking water works.

3. The Rev. Cr points out that it is very likely that he will get some applications for additional funds from the Tumkur and the other Districts and to be able to meet such demands, he requests that an additional grant of Rs. 20,000 may be placed at his disposal or that he may be authorised to utilise for works of general utility part of

of the grant sanctioned for "Stone and masonry walls." The Rev. Commr. should properly have furnished Govt with details of the needs of each district based on list and Estimates as directed in G.O. No. 5971-80/Agri 69-08-42 dt 10.2.1909. But he has not done so.

4. The amount ~~sanctioned~~ for Stone and masonry walls to minor tanks is Rs. 156,789 of which a sum of Rs. 125,900 has been allotted as follows:—

Chitaldrug	----	5,000	
	Total...	125,900	

5. There is therefore a sum of Rs. 30,889 still at the disposal of the Rev. Commr out of which he may be authorised to divert a sum of Rs. 20,000 for expenditure on drinking water wells, sanitary improvements and the like. In this case, no fresh grant will be necessary, but only a transfer from one head to a similar head.

8. One should have thought that the exceptionally favourable rains we had some days ago rendered any further grants for drinking water wells or by reappropriation or otherwise quite unnecessary. The actual expenditure in many districts under this head is much below the sanctioned grants. If in any district an additional grant is required for completing works already commenced

attempts should be made to provide the money by contracting operations in other districts - A general curtailment of the programme of such works all through the State should release sufficient money to carry to completion all works which require, one immediately completed to avoid loss or waste. All other works should be completed out of the ordinary grant for expenditure on works next year.

Office of the Revenue Commissioner in Mysore.

Dated Bangalore, 11th May 1909.

No. P.....24/1.....

From

Rajakarya Pravina,

A. Rangaswami Iyengar Esq,B.A., B.L.,

Revenue Commissioner in Mysore.

To

The Secretary to the Government of

His Highness the Maharaja of Mysore,

General and Revenue Departments.

Sir,

I have the honor to invite reference to my Memo No.P.24/1 of to-day's date sanctioning an additional allotment of Rs 3,215/ (being the whole available balance that remained unallotted under the head) for drinking water wells and other works of public utility in the Kolar District and to state that taking into consideration the needs of Tumkur and other Districts I am of opinion that an additional grant of about Rs 20,000/- will probably be required for this purpose. If it is not convenient to sanction this amount as an extra grant, I request that a sum of Rs 20,000/- may be transferred for "drinking water wells and other works of public utility" from the grants sanctioned for " stone and masonry works" under the minor Tanks Restoration Scheme in Government Orders ending with No. R. 4393-6 dated 12th January 1909. As will be seen from the weekly statement of allotments published in the Gazette a sum of about Rs 50,000/- yet remains unalloted under "stone and masonry works," and it is not likely that this amount will be utilised during the remaining portion of the current official year.

I have the honor to be,

Sir,

Your most obedient servant,

K Ramaswamiah

For Revenue Commissioner.

OFFICIAL MEMORANDUM.

Subject:-

Letter No. C.664 dated 7th May 1909, from the Deputy Commissioner of the Kolar District requesting that an additional allotment of Rs. 7500/- may be sanctioned for his District for drinking water wells and other works of public utility.

The Deputy Commissioner reports that estimates amounting to Rs. 22,573 have been already sanctioned by him against the sum of Rs.17500/- alloted to the Dibtrict and requests that a further sum of Rs. 7,500/- may be alloted with a view to enable him to meet the cost of the work already sanctioned and a few other Sanitary works that " may have still to be provided for during the next two months." Considering the conditions of the District the amount applied for does not seem to be excessive. For the present therefore the balance of Rs. 3,215/- that remains unalloted out of the total grant of one lakh sanctioned by Government under this head will be placed at the disposal of the Deputy Commissioner, and on application submitted to Government for for sanction of additional funds.

the like a sum of Rs. 20,000 out of the funds sanctioned for "Stone and Masonry works."

Order thereon - No. R- 10267-77 R 5779

As the Government understand that the sum of Rs. 30,889 which still remains unallotted out of the funds sanctioned for Stone and Masonry works is not likely to be required during the remaining part of the current official year, they are pleased to direct that a sum of Rs. 20,000 may be utilised out of that amount for drinking water wells, sanitary improvement and similar other works of more or less general utility.

2. The attention of the Rev. Council is invited to para 2 of G.O. No. R5971-80 Agri. 69-88-42 dated the 20th Feb. 1909 requiring

requiring applications for additional funds to be accompanied with details of the needs of each district based on lists and Estimates of the works proposed to be undertaken - This has not been done in the present instance. In the absence of such information it is difficult to understand the necessity for further allotments on the purposes mentioned in the Revenue Commr's letter now that there has been abundant rainfall and the need for drinking water provision & employment for the unemployed must have considerably abated —
